About Seminar:

Emmanuel Alayande University of Education Oyo and International Council for Education, Research and Training (ICERT) is organizing An International Seminar on UN/ UNESCO World Teacher Day on Oct 05, 2024 on "Empowering Educators: Strengthening Resilience, Building Sustainability. This year's celebrations will emphasize the pivotal role that teachers play in shaping the future of education and the urgent need to incorporate their perspectives into educational policy and decision-making processes.

World teachers' day provides an opportunity to consider issues related to teachers & teaching, it advocates for educators around the globe to seek ways the fixing these issues. On this day celebrate and respect the determined & diligent efforts of educators in the crucial stages of adversities like the pandemic.

The seminar will provide the ideal opportunity to meet academics, practitioners, and experts in education research, leadership, health, social sciences, humanities, management, science, art, culture, and public policy, to share their experience and projects to receive quality feedback.

Professional, academicians, scholars, researchers, practitioners, and Ph.D./graduate students are invited to submit their abstracts to be considered for presentation at the seminar. Speakers and presenters will share new concepts, best practices, knowledge, experience, theories, and solutions, with a focus on promoting learning, professional development, education, and inspiration among professionals and academics in teacher education.

The theme of the seminar focuses on (but is not limited to) all areas of theoretical and empirical research in the following fields:

About Emmanuel Alayande University of Education, Oyo, Nigeria

Emmanuel Alayande University of Education Oyo started as a Teacher Training College on March 18, 1896, and was then devoted to the training of grade three teachers, and its products bestride the educational landscape of Nigeria like a colossus. After operating as Teachers College for more than 100 years the institution transitioned to become a university in 2023. This experience has greatly benefitted the culture and experience of the university in fulfilling its purpose. The University runs 50 programmes in different fields of Education organised around five faculties viz. Faculty of Arts Education, Science Education, Social Science Education, Vocational Innovation and Engineering Education, and Professional and Specialised Education. The vision of the university is to be the best specialized University of Education in Africa with a niche in the: integration teaching and learning; advancement of knowledge through research and scholarship; leadership in service and development; and in producing teachers and manpower suited to the challenges of the contemporary global knowledge economy. The university has about 1,000 staff and 10,000 students and has been recognised as a quality institution for the production of teachers, educators, bureaucrats and practitioners in the field of education across the world.

About ICERT

International Council for Education, Research and Training is an autonomous leading professional research & training organization working in different countries under U.S. Federal Government, United Nations (UN), and Government of India. The council is an international professional body with several educators, researchers, consultants, and students as members. ICERT not only develops Educational Training Programs but also promotes research, publication, and training in education globally. This is an institution of learning and training facilitating education, research, publication, and social welfare initiatives. The Council functions under the overall supervision of the Core Committee ICERT, a committee of professionals from different domains constituted by the council members and all core committee members are the members of the council. The council has various statutory committees, divisions, which are advisory in nature. The recommendations of all the committees are placed for approval before the Core Committee of ICERT. With the motto: Knowledge, Wisdom and Prosperity we at ICERT are working with the mission to promote the advancement and application of scientific researches & knowledge to benefit society.
