International Seminar on UN International Women's Day March 08, 2024

“Invest in women: Accelerate progress”

Emmanuel Alayande University of Education Oyo Nigeria

**International Council for Education, Research and Training
(ICERT)**

Warm Greetings,

Emmanuel Alayande University of Education (EAUED), Oyo, Nigeria, and the International Council for Education, Research and Training (ICERT) are jointly organizing an International Seminar on UN International Women's Day 2024 on UN theme: 'Invest in Women: Accelerate Progress' on March 08, 2024.

About the Seminar

Achieving gender equality and women's well-being in all aspects of life is more crucial than ever if we want to create prosperous economies and a healthy planet. However, we face a key challenge: the alarming \$360 billion annual deficit in gender equality measures by 2030. Join us on March 8, 2024, for International Women's Day under the theme 'Invest in women: Accelerate progress', and take a stand with us using the hashtag #InvestInWomen.

Here are five key areas needing joint action:

Investing in women, a human rights issue: Time is running out. Gender equality is the greatest human rights challenge, benefiting everyone.

Ending poverty: Due to the COVID pandemic and conflicts, 75 million more people have fallen into severe poverty since 2020. Immediate action is crucial to prevent over 342 million women and girls living in poverty by 2030.

Implementing gender-responsive financing: Conflicts and rising prices may lead 75% of countries to cut public spending by 2025, negatively impacting women and their essential services.

Shifting to a green economy and care society: The current economic system disproportionately affects women. Advocates propose shifting to a green economy and care society to amplify women's voices.

Supporting feminist change-makers: Despite leading efforts, feminist organisations receive only 0.13% of official development assistance.

Mode: Mode: Online on Zoom Platform, Date: March 08, 2024

About Emmanuel Alayande University of Education, Oyo, Nigeria

Emmanuel Alayande University of Education Oyo started as a Teacher Training College on March 18, 1896, and was then devoted to the training of grade three teachers, and its products bestride the educational landscape of Nigeria like a colossus. After operating as Teachers College for more than 100 years the institution transitioned to become a university in 2023. This experience has greatly benefitted the culture and experience of the university in fulfilling its purpose. The University runs 50 programmes in different fields of Education organised around five faculties viz. Faculty of Arts Education, Science Education, Social Science Education, Vocational Innovation and Engineering Education, and Professional and Specialised Education. The vision of the university is to be the best specialized University of Education in Africa with a niche in the: integration teaching and learning; advancement of knowledge through research and scholarship; leadership in service and development; and in producing teachers and manpower suited to the challenges of the contemporary global knowledge economy. The university has about 1,000 staff and 10,000 students and has been recognised as a quality institution for the production of teachers, educators, bureaucrats and practitioners in the field of education across the world.

About ICERT

International Council for Education, Research and Training is an autonomous leading professional research & training organization working in different countries under U.S. Federal Government, United Nations (UN), and Government of India. The council is an international professional body with several educators, researchers, consultants, and students as members. ICERT not only develops Educational Training Programs but also promotes research, publication, and training in education globally. This is an institution of learning and training facilitating education, research, publication, and social welfare initiatives. The Council functions under the overall supervision of the Core Committee ICERT, a committee of professionals from different domains constituted by the council members and all core committee members are the members of the council. The council has various statutory committees, divisions, which are advisory in nature. The recommendations of all the committees are placed for approval before the Core Committee of ICERT. With the motto: Knowledge, Wisdom and Prosperity we at ICERT are working with the mission to promote the advancement and application of scientific researches & knowledge to benefit society.
